

Be READY for your Drama School Auditions!

With the help of Professional
Actor, Jennifer Bardsley

Through a process of virtual 1-1 audition coaching she'll help you to:

- ♦ Select speeches that play to your individual strengths as an actor.
- ♦ Explore how to approach the text and embody a new character and situation, while still retaining the quality that makes *you* so uniquely *you*.
- ♦ Begin to 're-frame' the audition process so you can feel at your most comfortable, creative and take control of the audition room.

As a Drama School Graduate from the Acclaimed Academy of Live and Recorded Arts, Jennifer knows how much work and effort goes into an audition. She was fortunate to gain access to the Drama School of her choosing, the first year of trying- and now wishes to use her extensive Training and Experience in the industry to help make the same dream become a reality for you!
